Welcome to bttN

The trustworthy, simple way to buy.

Easy to use and customer friendly

- Transparent pricing listed directly on the website.
- No account pre-qualification or credit checks.
- We help customers use their GPO contracts to save money.
- Automated ordering.
- Flexible payment options, including net terms and POs.
- Free shipping on orders of \$40/more and \$6 flat fee under \$40.
- Logistic coordination - one place to track all your products.
- Responsive customer service and support. No IVRs, just humans.

Technology-first platform

- It is less expensive than incumbent solutions because we don't have the overhead.
- Customers can buy in three steps.
- We have a tool that enables us to compare user reports line by line to ensure like-for-like products.
- This takes the burden off of customers if a PO is rejected for one NBO product line.

Broadline and Specialty Product Access

- We are not reliant on one manufacturer ensuring customers aren't left behind if a line goes down.
- We are not reliant on white-label products.
- We have tailor-made collections based on health segments and specialties.
- We offer unique and hard-to-find products in the same place you find your must-haves.
