

No Cost Cost Analysis

btttn is revolutionizing the way healthcare provider organizations purchase medical materials by removing the complexities, one-sided contracts and archaic processes that exist today.

Btttn's e-commerce platform brings peace of mind to the healthcare services market. We take ownership and control of our distribution and logistics allowing customers to obtain substantial cost savings. This is why btttn continues double digit growth month over month. Healthcare organizations value our customer service and transparency, we earn their trust.

Case Study

btttn partnered with a sponsor-backed 80 location Dermatology group.

- Conducted a no cost cost analysis.
- Passed 20% cost savings on a 2,600 product usage report.
- Centralized procurement through the btttn platform.
- Aligned a team of dedicated reps to support the account.
- Provided fast, free shipping.
